PARROT TULIP

KAUFMANNIANA

HYACINTH

PEONY

CRIMSON KING MAPLE

SELECT NOW FOR

Shade trees when planted in the Fall give you a year's extra development by next Summer. Nothing is as treasured and attractive as nature's own air conditioner—you can pick out your tree in leaf, too. We have many varieties to choose from, including the Crimson King Maple, pictured here, the famous Moraine Locust, Norway Maple, Pin Oak, Ginkgo, Sycamore and many others

all at attractive prices—some from \$9.95

See our display of beautiful flowering trees, too, especially the Crabapples and Hawthorns. Marvel at their multi-colored Fall foliage and decorative fruits.

From \$9.95

FALL PLANTING

HATFIELD YEW

HATFIELD YEW. Shown at the left is but one of our many needled evergreens that can be ideally planted in the Fall. The Yew is rich, deep green, disease resistant, and best used for base plantings. This beautiful evergreen, planted now, will be green all through the year, giving you a touch of Spring even in the winter-time. This is but one of the wide variety of needled evergreens awaiting your selection for this Fall's planting.

From \$6.95

FIRETHORN. Pictured at the right is the beautiful Pyracantha. It is rapid growing and can be used as a shrub or trained on walls. It is at its best in the Fall after the white flowers have changed to a fiery orange berry, adding beautiful color to your Fall garden scene.

From \$2.75

FIRETHORN
